# Logistics

BUSINESSES GO BEYOND BORDERS IN THE NORTHEAST OHIO REGION

## INDUSTRY & ECONOMIC DEVELOPMENT SUPPORT

### Flexibility & Predictability

Nine foreign trade zones located across the state after reduced or nonexistent customs fees as well as relief from inverted tariffs & duty exemption on re-exports

### The Power of Truth

The four largest delivery companies in the US (UPS, DHL, FedEx & the U.S. Postal Service) provide more outbound parcel services from Ohio than from any other state in the Midwest

### Next-generation (smart) Logistics Capabilities

Get ahead with logistics 4.0 resources as Ohio is home to smart mobility research and initiatives including truck platooning, connected vehicles, unmanned aircraft systems, and more

### A Skilled & Growing Talent Pipeline

From 2010 to 2017, there was a 137% increase in the number of degrees granted annually for supply chain management, resulting in a large, well-trained logistics & distribution workforce in Ohio

## RECENT WINS

100 New Jobs  
300+ Retained Positions
