Semiconductor Summit NEO

Powered by Team NEO and the Northeast Ohio Smart Manufacturing Cluster – convening organizations to collaborate and take advantage of new technologies and opportunities.

This summit will provide a platform to explore the semiconductor supply chain opportunity in the Northeast Ohio Region and feature **keynote speaker Kevin Hoggatt, Director of State Government Affairs for Ohio, Intel Corporation.**

Panel Discussions:

Manufacturing Supply Chain Panel with leading local manufacturers who will share their experience serving the industry, moderated by **Dr. Ethan Carp, President & CEO: MAGNET.**

Talent Panel will give insights on what we need to do to prepare our talent for this transformational opportunity and will be moderated by **Dr. Marcia Ballinger, President of Lorain County Community College.**

Anticipated attendance: 300

Audience:

- Manufacturers, especially advanced materials, chemicals, and machinery/equipment
- Businesses to learn how they can support projects (e.g., bankers, engineering firms, other service providers)
- Talent ecosystem
- R&D ecosystems such as NASA
- Cluster members
